- › Conducted quality control across 80+ website pages during a full site revamp, reviewing copy for accuracy, brand consistency, and legal compliance across high visibility website surfaces.
- › Rewrote and edited acquisition focused landing pages for paid search campaigns, incorporating competitive positioning, high intent keyword alignment, and benefit-led narratives for SMB and enterprise audiences.
- › Collaborated with CRO and analytics teams to review and refine conversion focused copy across homepage, product pages, and acquisition landing pages.
- › Ensured copy clarity and legal compliance across high visibility website surfaces in partnership with legal, design, and SEO teams.
- › Contributed to benefit-led narrative development for SMB and enterprise audiences across global payment corridors.
- › Managed and published copy edits directly in WordPress across product and campaign pages.
- › Worked in Figma to review and edit copy within design layouts, and managed tasks and approvals through Asana.

Director of Copywriting

PodUp Inc. · Oct 2024 – Mar 2026 · Jaipur

- › Led all copy across blogs, newsletters, websites, social media, lead magnets, press releases, funnels, and creator-focused content for PodUp and PodAllies.
- › Built and scaled a 60-niche funnel copy system for PodAllies' done-for-you podcast production service, each niche with tailored hooks, messaging, and CTAs.
- › Wrote VSL script and landing page copy for the Black Friday Founding Creator launch, structured around a three-problem, one-solution narrative with urgency mechanics.
- › Managed cross-functional teams of copywriters, designers, video editors, and marketers to deliver cohesive campaigns on deadline.
- › Coordinated directly with U.S. clients to align messaging with brand voice and revenue goals.
- › Led SEO strategy including meta titles, meta descriptions, and geo-targeted optimisation.
- › Used AI-assisted research and drafting tools including Claude, ChatGPT, Perplexity, and Gemini to structure complex topics, accelerate research, and support high-volume content production while maintaining editorial quality and brand voice.
- › Wrote podcast episode scripts across themes including adoption, investments, romance, and crime stories. Researched and developed guest profiles and interview question sets to support host preparation and episode direction.
- › Wrote UX copy including tooltips, in-app notifications, onboarding sequences, and FAQ documentation for PodUp's AI-powered platform, ensuring clarity and consistency across the product experience.

Senior Content Marketing Strategist

SecureW2 · Jan 2023 – Aug 2023 · Delhi (Remote)

- › Wrote blog posts, white papers, and case studies on 802.1X authentication and enterprise network security for IT administrators and security buyers.
- › Produced demand generation content designed to warm the sales pipeline with pre-educated prospects targeting high-intent search terms.
- › Optimised all content for SEO and aligned output with sales and GTM objectives.
- › Managed and updated the company WordPress site across product and technology releases.
